

Yum Dear

My class learned about George Washington Carver. He was a very important man to me. I learned that P.B. slices taste the same as peanut butter in a jar!

P.B. slices are useful because little kids can do it by themselves and it's easier. Consumers should buy p.b. slices because they would find the product much easier and faster than peanut butter and jelly in a jar!

I thank you so much for the p.b. slices for my class. We loved them! My grandma is going to order them for me! Thank you again!

P.B. Slices!

P.B. Slices!
